Tasmanet will install infrastructure to enable a user to connect through the Tasmanet network to the Internet, Installation is in the form of a wall socket with a RJ45 socket enabling users to directly plug-in their computer. Users can connect an Access Point, Switch or Hub if they wish to redistribute their connection around their house.

\* Tasmanet does not charge for excess data, but will cap your service at 64kbps when data limit is exceeded.

<sup>±</sup> Monthly Plans can be upgraded at any time.
