SETUP FEE

TasmaNet Friends & Family nbn™ services incur a \$99 setup fee. This fee may be charged prior to service activation.

NBNCo INSTALLATIONS AND NBNCo CONNECTION CHARGES

You may require an NBN Co technician appointment and NBN Co equipment installation to access the nbn™ network. If you are in a new development area and not already connected to the nbn™, a New Development Charge may also be applied by NBN Co. Applicable charges will be itemised on your service order form prior to purchase and may be charged prior to service activation.

Your nbn™ connection may require you to transfer to an internet (IP) phone service to avoid losing your current landline phone connection. Ask your Tasmanet Account Manager for more information.

OTHER INFORMATION

INVOICES AND PAYMENT

Tasmanet Friends & Family nbn™ services are billed monthly in advance. Services must be paid by scheduled electronic payment method (or by credit card only if purchased via our website). Services are not invoiced and will be charged to your nominated payment method on the 1st of every month. A pro-rata charge may be applied for services activated on days other than the first day of the month. Services may be suspended and/or cancelled if payment is not made or if you breach our terms and conditions, including our Acceptable Use policy. Full Tasmanet Terms of Service are available at www.tasmanet.com.au/legal.

EXCESS USAGE AND USAGE INFORMATION

Tasmanet Friends & Family nbn™ services include an unlimited data allowance. Use of the service is subject to our Acceptable Use policy which can be accessed at www.tasmanet.com.au/legal. Contact us on 1300 792 711 for information about your service usage.

SERVICE SPEED AND CONTENTION RATIOS

'Speed' refers to the maximum theoretical download and upload speeds that can be delivered over the nbn™ for each service. Speeds can be affected by factors within our control, such as the Contention Ratio of the service, and factors beyond our control, such as the content being downloaded by the end-user, your distance and the quality of the copper from the node or basement for FTTN and FTTB services, the location of your Wi-Fi router/modem, and the number of connected devices running through your router at the same time. Speeds may be impacted by network congestion on the nbn™ Fixed Wireless network.

Tasmanet publishes the Contention Ratio for each nbn™ service we offer so that you can select a service that meets your expectations. The lower the ratio, the fewer subscribers sharing the connection bandwidth and a reduced likelihood that speeds will slow if many subscribers use data simultaneously.

Tasmanet will not activate services on nbn™ wholesale speed tiers above those that the nbn™ indicates can be achieved over the customer's connection. Tasmanet will also provide remedies to customers not able to achieve expected service speeds, including the opportunity to move to an alternate service or to cancel the service within the minimum term without penalty.

CUSTOMER SERVICE

Tasmanet Friends & Family nbn™ services are offered on a 'best effort' basis. This means that we do everything we can to ensure the service is available 100% of the time but do not guarantee service availability. Service Level information can be viewed at www.tasmanet.com.au/legal.

You can contact our Service Desk on 1300 792 711 or by emailing servicedesk@tasmanet.com.au.

Fault notifications lodged out of Service Desk operating hours will be actioned when the next business day commences. Service Desk operating hours and service status updates can be found at www.tasmanet.com.au/about-us/support.
