

Business Mobile

Flexible mobile communications

TasmaNet Business Mobile is the fast and easy way to connect your business without the hassle of lock-in contracts.

Our plans are designed to suit all sized businesses with coverage across 97% of Australia for 4G and 98.8% on 3G networks.

With proactive data warnings you'll always know how much data you have remaining. When you reach your data limit, we will add affordable data blocks to keep you connected.

Product Overview

TasmaNet Business Mobile offers flexible SIM-only plans with 4G and 3G coverage across Australia.

International Calls Zone 4*	\$6.250 per minute

*International Call Zone details available at www.tasmanet.com.au/zones

→ No lock-in contracts

We have a strong track-record of our customers remaining with TasmaNet, so we're confident you'll want to stay with us, but if for any reason you need to cancel your TasmaNet SIM, simply contact our service desk.

If it is just a cancel of services, you will lose your TasmaNet mobile number, along with any unused TasmaNet credit and/or data and any saved voicemails.

If you are transferring your number to a new service provider, just contact them to arrange the transfer. Your new provider will contact us to organise the transfer and cancellation of your TasmaNet service.

Number Porting

We can issue you numbers or help you port your existing numbers so that your business stays connected to your customers.

Our service team will help activate your SIM over the phone.

You control data usage

We will proactively warn you of data usage at 50%, 85% & 100%, so you will always know how much data you have remaining.

Up to 5 extra blocks of 1GB "bolt-on" data are available per billing cycle to keep on top of your spend.

Australian Based Support

Our sales and support teams are 100% Australian based and ready to help with set up and configuration.
